GENERAL NEWS.

BY TELEGRAPH TO THE OREGONIAN]

Grant's Reception at Kansas City

KANSAS CITY, July 2—A reception committee left here this morning for Odessa forty miles distant where they met Gen Grant and party and after introduction by Col Van Horn, Mayor Chase made a speech of welcome. The train then started and arrived here at 9 20. Notwithstanding a heavy rain an immense crowd was at the depot and gave the general a hearty welcome. The party consisted of Gen Grant, Mrs Grant, Mrs Fred Grant and daughter Julia and W W Smith. They were escorted to the Coates house for breakfast. Great crowds are in the streets and many houses are decorated. After breakfast Gen Grant accompanied by Gov Phelps and several members of the reception committee left for Merriam park nine miles from the city. The party will return at 9 this evening and Gen Grant will receive old soldiers, after which a banquet will be given him.

Fatally Crushed

NEW LONDON Conn July 2—The only sad occurrence of yesterday's regatta was the painful accident that happened on the Northern railroad and which resulted in the death of President T W Lincoln of the Boston and Albany Railroad Company and Mrs. Dr William Appleton of Boston. Lincoln and Mrs Appleton were seated on the rear platform of the private car of Mr Lincoln attached to a moving grand stand watching the race. The car was next to the forward engine of the train. Soon after the train started, when the first race was begun a coupling pin which connected the private car with the platform car in the rear, broke in twain. The forward engine released of a heavy weight shot rapidly ahead. The shock threw Mr Lincoln and Mrs Appleton on the rails forward of the wheels of the platform car, which passed over them crushing them terribly. The rear wheels of the car left the track and the train then came to a standstill. Mrs Appleton died within 15 or 20 minutes after the accident, and Mr Lincoln lived nearly an hour.

The Last Oil Fire.

BRADFORD, Pa, July 1—The 25,000 barrel tank of burning oil ran over this afternoon at Olean and a number of men digging trenches were probably fatally burned, being unable to escape. The fire is now controlled. Estimated loss $30,000.

TO TAKE THE STUMP.

Gen Weaver, Greenback Candidate for President, Sounds the Keynote of his Party

[SPECIAL DISPATCH TO THE OREGONIAN]

CHICAGO July —Gen J B Weaver greenback candidate for president has written a letter of acceptance in which he expresses the intention ... the stump in behalf of his party. ... letter is chiefly an elaboration of the greenback platform adopted at Chicago. ... the ... parties ... especially the latter ... promises ... under ... party ... rule ... the grasping banks and railroad corporations ... declares that the poor laborer and the poor soldier have no chance to advancement and are fast retrograding into vassalage; asserts that the public debt is being refunded to perpetuate the banking fraud and grind the people to ruin and declares that emigrants from other shores are left destitute and homeless here because the public domain is not sacredly preserved for actual settlers. The only allusion to the Chinese question is in the following rather insignificant paragraph:

The emigration of persons from foreign countries seeking homes and desiring to become citizens of the United States should be encouraged but the importation of Chinese servile laborers should be prohibited by stringent laws.

J. W Connell will deliver an oration at Amity on the 5th. The celebration at that place promises to be enthusiastic and the attendance large.

OREGON STATE FAIR.

Twentieth Annual Exhibition of the Oregon State Agricultural Society

SECOND DAY.

The Crowd Increasing—Various Departments Filling—Full Confidence in Success—Fine Stock—Races—Pavilion Notes

[REGULAR CORRESPONDENCE OF THE OREGONIAN]

The morning of the second day of the fair dawned clear and bright with a cool refreshing breeze from the north. Early in the forenoon the grounds began to assume a more lively appearance, the booths and side shows opened up and the ever noisy hackman smiled as he cumped a large load of passengers or took up one or two more than there were upon the day yesterday. In fact the comparatively few who were on the ground yesterday did not sit round much but attended all day to fixing things so as to pass the remainder of the fair more comfortably.

A stroll about the camping grounds reveals the fact that there are more campers already on the ground than were here two years ago or last year at any time during the fair. The grounds afford such excellent facilities and the weather is so pleasant for camping that the people who have made preparations to live out doors can have a most comfortable time. This is a little against the interests of the people of Salem, who usually reap more profit from the fair than anyone else. The dust is getting to be pretty bad already but nothing like we have seen it in former years and the getting about is vastly more pleasant than it was in 1878 or 1879 when the cold rain was pouring down and the mud in depth ranging from one foot to the unfathomable everywhere on the grounds.

The various departments are a little slow in filling up but we have the assurance from reliable sources that in but few particulars will there be a lack of quite as full an exhibit as ever before. It will be impossible to get any details until the exhibits are more nearly arranged and the working machinery of the fair gets into more regular running order.

SOME FINE CATTLE.

Among the objects which are already attracting a good deal of attention are some Jersey cattle belonging to ex Senator Nesmith. These cattle embrace a bull 21 months old a cow and twin calves. The twins are really the most beautiful specimens of cow kind we have ever seen being as gentle as lambs with all the sprightly activity of a gazelle. They are certainly the finest animals of the breed on grounds. Capt. Apperson of Oregon City, however has two cows and a calf of the same blood which show the fine points of the breed and his cows are perhaps as fine milkers as there are in the state though those first noticed are in better flesh and hence show off better. Capt. A's bull of Jersey stock is a compact, fine boned and well built bull and is also much admired by those who take to the strain.

A gentleman from California has thirteen head of short horns which are said by good judges to excel in the fine points any other herd ever shown in this state. They are certainly magnificent animals, all being very fat and large. There are a number of other exhibitors of cattle whose stock will receive merited attention hereafter.

THE RACES

are considered the principal feature of the fair, and the attendance at the track this afternoon showed more people to be out thoroughly than we thought were here.

The week's racing commenced to day with a very fair race between Taylor's g Olo, 6 years old by Jack Minor dam by Coburg and G J Basket's b h Steel Trap 3 years by Napa dam by Humboldt in the purse for Oregon raised horses, mile heats 2 in 3. Olo appeared in perfect bloom, and inspired his friends with confidence in his ability to make a creditable showing. Steel Trap appeared a trifle low in flesh but moved well in his preparatory gallop. In the first heat Olo on the inside, jumped away with the lead and showed the way to the quarter in a rattling pace some forty yards in front of Steel Trap increasing his lead to the half in 54½ seconds, when Steel Trap commenced to move up but could never close the gap. Olo winning by four lengths, all out in 1 49½. The rider of Steel Trap seemed to have lost his head on the first turn, and dropped so far back that his horse could never recover. In the second heat the cinnamon and black colors of Taylor were again sent to the front, though more closely pressed by the pale green of Basket. At the quarter in 27 seconds Olo had two lengths at the half in 55 Olo was still four lengths to the good and moving well, but at the three quarter Steel Trap moved up and a driving race ensued to the stand, Olo winning by a length in 1 53, both horses being greatly distressed.

The trotting race introduced Redmond's fine brown stallion Kisber by Rysdyk's Hambletonian, dam Lady Fallis by American Star to the turf in Oregon. Kisber has a beautiful, smooth action, and with another season's training we will doubtless develop into a fine trotter. This race was mile heats three in five in which Kisber and S G Reed's b g King Pharaoh of unknown blood were entered and was almost devoid of interest as it was considered a walk over for Kisber. Kisber on the outside took the lead in the first heat and by sweet trotting led at the quarter by a length and increasing his lead at the half in came on and won as he liked in 2 30. The second heat which concluded the race was won by Kisber in 2 38.

The principal race to morrow will be a two mile and repeat contest between the well known flyers Mollie Miller Jim Merritt Glen Dudley and Hawthorne Wild Idle, old record. They are all first-class, with but little in favor of one over another. Those who want to see a good race ought by all means to be on hand as this will probably be one of the best of the fair.

A match for two year olds will also take place and promises to be a spirited affair.

The Society has certainly done its part in affording ample and well arranged space for the display in

THE PAVILION

Exhibitors have not as yet availed themselves of the opportunities offered to any considerable extent though the bustle of busy preparations goes on and wagons are constantly arriving laden with plethoric boxes and carefully packed baskets the contents of which it is claimed will festoon the walls of the various divisions with wonderful and varied beauty. Decorations of evergreens above and about the north entrance give out a woody odor that is peculiarly suggestive of summer festivities, while swaying flags complete its holiday appearance.

Patches here and there upon the walls bright with worsted work aglow with the warm tints of the artist's fancy are marvelous with the record of woman's patience and handicraft, furnish glimpses of the display that is to be sustaining the predictions that the various departments will be fuller and more attractive than at any preceding exhibition.

The floral display promises to surpass itself in variety, abundance and magnificence. The space allotted to this is ample, and bids fair to be every inch appropriated. The difference in the fall and summer exhibit is noticeable in the grasses wheat, oats and barley which cut to show o the tallest extent of the rank growth of the stalk caused a feeling of wonder as to how much higher their companions will probably grow before the luxuriant emerald turns to gold and its promise of abundance is proved in the thresher's measure. Hard by these green stalks showing what Oregon is doing in an agricultural way, is displayed the sheaves of last year showing what she has done and open sacks of plump grain complete the testimony.

Canned and preserved fruits and jellies are here in usual supply but the big apples pears and quinces are massed though together with the mammoth squashes they are growing just the same as if great things, in the way of it play, were expected of them in October.

The miniature women of the state show conclusive evidence of native industry and careful training in womanly accomplishments the department set aside for little girls under twelve already making a creditable showing. A quilt of 1942 pieces, the product of the patience and skill of a young lady of Eugene City graces a niche in its proper division and is an endless wonder to beholders.

The domain of rag carpets home made coverlets flannel and linsey woolsey still extends its old fashioned scepter over a quiet corner the ancient fabrics telling their mute story of olden times, recalling half forgotten legends of grandmother's looms and memories of once buzzing but now silent spinning wheels.

The music in the grand pavilion is conspicuous for its absence being confined as yet to the play of the fountain, the singing of canaries and the cheerful homelike click of sewing machines. The outbreak of patriotic strains on the fourth will probably atone for the present dearth of sweet sounds.

Entries in the various departments are being made as rapidly as circumstances will permit and are reported as fully up to the average for the second day. There is an absence of confusion and hurry in arranging articles upon the walls which will insure them a more advantageous display than is obtained when a general rush prevails. Even patent medicine men go at a comfortable and quiet pace calculated to insure them from the necessity of testing their own panaceas for human ailments.

The old pavilion buildings where we have been ... the triumphs and failures of the society for years past are now ... devoted to the display of agricultural implements which promises to be extensive. Threshers grain separators harvesters plows harrows etc etc gorgeous in red paint and red letters of machine oil have taken up positions on either side that was once given up to more ornamental but less useful display. At this stage of proceeding nothing more than a general and brief mention in the various departments is possible and exhibitors must console themselves with the reflection that the future days of the fair will give ample time for detail. The lusty ... of the youthful granger attests the presence in some force of the sturdy yeomanry present and prospective and may be added to the enumeration already given of the musical features. It is unavoidable. It is yet too early to prognosticate either success or failure as consequent upon the radical change of time determined upon by the society but if bright skies and balmy breezes contain the elements of success with which they have been accredited in the drenching experiences of the past the result is not doubtful.

A final tour of the buildings just before closing our record for to-day, shows many additions to the display chiefly in the several divisions of ladies' fancy work. Vegetables have not yet put in an appearance and have probably not been enabled to hasten their growth to meet the extraordinary demand. The number of visitors is gradually augmenting. The various advertising displays are being deftly arranged by exhibitors who seem to gather energy as the attendance increases.

MISCELLANEOUS NOTES

Preparations are being carried forward for the grand temperance jubilee which will take place to morrow afternoon. Rev J A. Crozan will deliver an address in the Y M C A pavilion if the weather is not too warm and in that case ... will ... in the ... shade.

THE OREGONIAN is eagerly sought when the morning train arrives, being as usual considered the only paper containing reliable and full reports of the fair.

A small city is rapidly springing up on the outskirts of the grounds tenanted by merry campers many of whom account the state fair as their only respite from home cares and from duties during the entire year.

Local celebrations in various localities in Yamhill Polk Benton Clackamas and Marion counties will be held on Saturday and the crowd from all directions will visit the fair grounds on Monday making the grandest concourse ever assembled in Oregon to harken to the screams of the American eagle and listen to the words of the Declaration of Independence.

Miss A Dimick of Portland is officiating as one of the entry clerks and performs her duties with her usual suavity.

M Wilkins, president, E M Waite, secretary and Geo S Downing chief marshal are attentive and constantly busy in discharging their numerous duties.

The location of the Aurora restaurant under the old management of S F Mattews and E B Kalow is complete, the names of the proprietors being sufficient guarantee for a bountiful supply of substantial food.

The headquarters of THE DAILY AND WEEKLY OREGONIAN are established inside the grand pavilion near the north entrance. Newsboys will sell the paper on all parts of the grounds, immediately upon the arrival of the morning train.

Programme for Saturday, July 3

Superintendents will receive their books this morning at 8 o clock and commence examination. As the celebration of the National Anniversary will occur on Monday, July 5 it is expected that day will be wholly given to amusement and that no duties will be required of superintendents or committees.

HAYES AND HIS POLICY.

Address Before the Yale Alumni—His Southern Policy Adopted by the Advice of President Woolsey

[SPECIAL TO THE OREGONIAN]

NEW HAVEN July 1—President Hayes made a speech at the Yale alumni meeting this afternoon in the course of which he said:

You will perhaps recall the exciting events of four years ago during the embarrassing period which intervened between the election and decision as to who should be the incumbent of the presidential chair. I was not a embarrassed for it was plain that if the trust and responsibility should devolve upon me it would not be a ... ... in the ... of ... history. ... before when I thought that the responsibility might devolve upon my shoulders I saw my first thought was, what paramount duty I shall have to perform and how can I do it ... it seemed to me that pacification of the country was the first duty. Applause. I knew that there were good and true people on all sides ... it ... but I saw the necessity of doing something ... the ... country ... the whole people and ... rest and repose ... I asked what can I do to ... my first ... you ... the ... I ... had done ... What was required by the people ... was ... the highest ... had been against me through the long and bitter ... and what therefore ... the confidence of the southern people. I found no great political leader suggesting that ... course might possibly lead to a solution of the difficulties. While I was pondering what to do and what course to pursue there came to me like a flash from a clear sky the thought of writing to the venerable president whom we almost worship. [Applause.] Without drifting into a speech I will say that I wrote to him and then followed implicitly President Woolsey's advice. [Renewed applause and cheers.] All may not have followed as it resulted as I or any one else hoped but in following his advice I think I found a true key to the situation. [Long-continued applause.]

The president then enumerated some of those who had been connected with Yale and had been prominent in after life in public service. He referred to his selection of Clarence King from the Sheffield school here to do valuable and careful work in the far west. He concluded with a handsome compliment to President Porter.

MISTAKES AND PREJUDICE

Of Religious and Temperance Journals.

Some good Religious and Temperance journals are making the mistake of declining to advertise a most valuable and not exciting medicine simply because it is called "Bitters" while the same journals are making a greater mistake by advertising some drunken whisky stuff or nostrum because it has some nice, fancy deceptive name ending with "ene" or "ine" printed in its label when the bottle is filled with destruction drunkenness and death. If these good journals would take the trouble to a certain how many overworked clergymen have had their lost nerve force brain waste and flagging energies restored by the use of Hop Bitters enabling them to perform their arduous pastoral duties and preach the good sermons that they would have been totally unable to do but for this valuable medicine and other journals but know of the host of good Christian Temperance women who rely on them for their family medicine and how many invalid homes they could make happy and what glad tidings they would send to every neighborhood by publishing the merits of Hop Bitters they would advertise them without money and without price. And did these journals but know how many have been, and may be saved from forming intemperate habits by doctors prescribing Hop Bitters, instead of beer, where the use of hops are needed (there being more actual hop strength in one bottle of Hop Bitters than in a barrel of beer without any of the intoxicating or evil effects of beer) they would lay aside their fear and prejudice against the word "bitters."

A few of the many witnesses from religious and temperance sources are given below, who use recommend and advertise Hop Bitters.

The President and Manager of Hop Bitters Mfg Co, is a veteran Temperance advocate and worker of forty eight years service, every man in the Company is an active Temperance worker and the Company spends thousands of dollars annually in Temperance and Christian work.

What the Religious Press Says

CHICAGO, Nov 18, 1878

Hop Bitters Mfg Co Rochester, N Y

Gentlemen—We do not allow anything in the line of bitters to enter our paper that contains alcohol but we are satisfied that your Bitters are free from that ingredient. We feel responsible for the good or bad that may be done to the families of our subscribers that are affected by our advertisements. Therefore our discrimination in your favor, and we trust that our very low rates will meet your approval and that we may hear from you.

"THE LIVING CHURCH"

Not a Beverage.

"They are not a beverage, but a medicine with curative properties of the highest degree containing no poisonous drugs. They do not tear down an already debilitated system but build it up. One bottle contains more hops that is more real hop strength than a barrel of ordinary beer. Every druggist in Rochester sells them, and the physicians prescribe them."—*Rochester Evening Express* on Hop Bitters.

We are not in the habit of making editorial mention of patent medicines but in case of Hop Bitters feel free to do so because their merits deserve to be known.—*New York Independent*.

A MEDICINE NOT A DRINK.

High Authority

Hop Bitters is not, in any sense, an alcoholic beverage of liquor and could not be sold, for use except to persons desirous of obtaining medicinal bitters.

GREEN B RAUM,
U S Com'r Internal Rev

WASHINGTON, D C, Sept 4 1879

Dear Sir—Why don't you get a certificate from Col. W F W of Baltimore, showing how he cured himself of drunkenness by the help of Hop Bitters. He is a wonderful case. He is well known in Rochester, N. Y., by all the drinking people there. He is known in this city Cincinnati New Orleans, New York in fact all over the country, as he has spent thousands of dollars for rum. I honestly believe his card would be worth thousands of dollars to you in this city and Baltimore alone and make thousands of sober men by inducing the use of your Bitters. J A W.

Prejudice Kills

"Eleven years our daughter suffered on a bed of misery under the care of several of the best physicians who gave her disease various names but no relief, and now she is restored to us in good health by Hop Bitters, that we had poohed at two years before using it. We earnestly hope and pray that no one else will let their sick suffer as we did on account of prejudice against so good a medicine as Hop Bitters.—*The Parents—Good Templars*.

MILTON Del Feb 10, 1880

Having used Hop Bitters the noted remedy for debility nervousness, indigestion, etc I have no hesitation in saying that it is indeed an excellent medicine and recommend it to any one as a truly tonic bitters. Respectfully, REV MRS J H ELLGOOD

Temperance clergymen lawyers, ladies and doctors use Hop Bitters as they do not intoxicate but restore brain and nerve waste.—*Temperance Union*, Brockport, N Y

SCIPIO, N Y, Dec 1, 1879

I am the Pastor of the Baptist church here and an educated physician. I am not in practice but am my sole family physician and advise in many chronic cases. Over a year ago I recommended your Hop Bitters to my invalid wife who has been under medical treatment of Albany's best physicians several years. She has been greatly benefitted and still uses the medicine. I believe she will become thoroughly cured of her various complicated diseases by their use. We both recommend them to our friends many of whom have also been cured of their various ailments by them.

REV E R WARREN

Cured of Drinking.

A young friend of mine was cured of an insatiable thirst for liquor that had so prostrated his system that he was unable to do any business. He was entirely cured by the use of Hop Bitters. It allayed all that burning thirst, took away the appetite for liquor, made his nerves steady and he has remained a sober and steady man for more than two years and has no desire to return to his cups. I know of a number of others that have been cured of drinking by it.—From a leading R R Official Chicago Ill.

Wicked for Clergymen

I believe it to be all wrong and even wicked for clergymen or other public men to be led into giving testimonials to quack doctors or vile stuffs called medicines but when a really meritorious article is made up of common valuable remedies known to all and that all physicians use and trust in daily we should freely commend it. I therefore cheerfully and heartily commend Hop Bitters for the good they have done me and my friends, firmly believing they have no equal for family use. I will not be without them.

REV ——— Washington D C

A good Baptist clergyman of Bergen N Y, a strong temperance man suffered with kidney trouble neuralgia and dizziness almost to blindness over two years after he was advised that Hop Bitters would cure him because he was afraid of and prejudiced against the word "bitters." Since his cure he says none need fear, but trust in Hop Bitters.

My wife and daughter were made healthy by the use of Hop Bitters and I recommend them to my people.—Methodist Clergyman Mexico N Y

I had severe attacks of Gravel and Kidney trouble was unable to get any medicine or doctor to cure me until I used Hop Bitters, and they cured me in a short time.—A distinguished lawyer and temperance orator of Wayne County, N Y.

DISASTROUS FLOODS

Hancock and Adams Counties, Illinois, Inundated—Crops, Fences and Houses Swept Away—One Family Drowned

SPECIAL TO THE OREGONIAN

HANNIBAL July 1—It was reported this evening that the ... ... at the ... ... but the ... ... the fact that ... ... to ... the embankment ... ... the water would ... ... but crops and ... destroyed.

The Levee Broken

A break has occurred in the levee near Quincy and the water is pouring through with great velocity. ... that the backwater will not wash away the wheat which is shocked and ... That the levee would break has been apprehended several days and farmers have driven their live stock to the bluffs several miles east also up the levee to this city and to other places of safety. The river is now falling and if a rapid decline follows nearly all of the corn and much of the cut wheat can be saved. Should the overflow last more than three days the loss will be total. The break is long and embraces fully a quarter of a million acres of highly cultivated and most fertile bottom land in the state more than half of which was in wheat. Many large farms are owned by citizens of this city and should the overflow continue their losses will be very heavy.

The Water still Rising.

HANNIBAL July 1—The water is now spreading rapidly and an area of several miles in extent is already overflowed. It is impossible to compute the immense amount of damage that will result from this flood but it will aggregate several hundred thousand dollars. A slight idea of the damage may be gained from the fact that an extent of country forty miles long and from four to ten miles wide was protected by the embankment. This is probably the richest farming land in the state and the yield of grain this year would have been enormous. The news of the break at midnight spread like wildfire but it scarcely preceded the rushing of the terrible flood of water and the excitement during the night was intense. Families were compelled to leave their homes in many cases with scarcely anything on and flee for their lives. As the river at the cut off where the crevasse occurred is forty feet deep the water poured through in a vast volume and with overflowing force. An entire family believed to be Mr Freemer his wife and all his children were drowned. Nothing can be found of where the break occurred. Mr Freemer was a farmer who had considerable means and was a man who was very highly respected. So rapid did the water rise that men women and children rushed upon the embankment to save themselves and they did not have sufficient time to get to high ground. The East river break had been anticipated for several days and hundreds of men have been at work strengthening and watching the embankment. Greater danger was believed to be at Cincinnati landing. Last evening a large party of men left Louisiana for the landing, being summoned by a report that a break was imminent at that point and responding to an alarm sounded by the ringing of bells, to get their wheat threatened harvested and off. The wheat harvest was begun about three weeks ago and threshing commenced last Wednesday. Every team and every machine that could be secured has been in service night and day for ten days past, including Sunday but many have hoped that the disaster would be averted and have delayed moving to places of safety. Mile after mile of fine corn fields are ruined and thousands of acres of wheat in shock and still unshocked have been submerged. The flood has not yet reached the railroad embankment but the track will be flooded by to morrow in rising and the damage to the C B & Q line to Louisiana will be considerable. Section hands have been hard at work for several days past strengthening the road but the water will undoubtedly cover the tracks. The water is spreading very rapidly, and to-day could be seen from New Canton which is seven miles east of Cincinnati landing. By a break in the Warsaw levee which occurred yesterday morning over 2,000 acres of farm lands are submerged and crops ruined. The break is increasing, and the levee which cost $76,000 will be seriously damaged. A new levee in process of construction from Quincy north is almost ruined, and rich farming land is under water. The loss in this county will be heavy.

STEAMBOAT EXPLOSION

On Lake Minnetonka, Michigan—List of Killed and Wounded.

MINNEAPOLIS July 1—At 6 this morning the Lake Minnetonka pleasure steamer *Mary* owned and run by Capt. Halstead while lying at the wharf at the St Louis Hotel, exploded her boiler completely wrecking the boat which sunk immediately. The following is a list of killed and wounded: Wm Chadwick engineer of the *Mary* instantly killed; John Steward pilot of the *Mary* fatally injured and dying; E S Perkins fireman of the *Mary* scalded about the face and neck; Frank Adams, chief clerk of the St Louis Hotel scalded and hurt in the eye; A S Diamond of Minneapolis shocked and prostrated; Colored Jim porter at the St Louis Hotel scalded and bruised; Long porter at the St. Louis hotel scalded and bruised; Harry a colored boy very badly hurt—arm dislocated and badly scalded; English George scalded and bruised. The boat was on her way to Wayzata to take on board 100 excursionists and was ... at the St. Louis Hotel en route. The *Mary* has for a long time been considered an unsafe boat. Her boiler is the third of the same make that has exploded on the same lake in the last three years each time with fatal results. It is claimed that there was but 60 pounds of steam to the boiler at the time of the explosion and plenty of water.

ADVERTISING CHEATS

It has become so common to write the beginning of an elegant interesting article and then run it into some advertisement that we avoid all such cheats and simply call attention to the merits of Hop Bitters in as plain honest terms as possible to induce people to give them one trial as no one who knows their value will ever use anything else.

The Daily [illegible]

SATURDAY MORNING JULY [illegible] 1880

ORGANIZED FOR WORK

The republican national committee was in session in New York yesterday and the day previous and organized for the campaign Hon Marshall Jewell of Connecticut formerly postmaster general is chairman and S W Dorsey of Arkansas is secretary These gentlemen bring to the active and important work which will devolve upon them wide experience in executive and party affairs strict integrity and loyal devotion to the country and the republican party Both are distinguished for talents of high order are men of vigor and push and both make a habit of success Under their management backed by an executive committee drawn from the best timber of the country the campaign will be conducted on a vigorous and aggressive plan and its methods will be open honest and lauded A new and promising feature in committee work, is the establishment of a division or subordinate branch at Chicago for work in the north and middle west In this great battlefield the forces of the republican party under the prompt leadership of Gen John A Logan, will spare no honest effort for success and there can be scarcely a question as to the result The party is in good hands

The government of France has succeeded and without much fuss, in suppressing several hundred Jesuit schools and religious establishments whose existence was deemed dangerous to the republic Measured by our maxims of justice and policy this appears as rank persecution and a cruel act of despotic power but intelligent consideration of the circumstances moderates somewhat this severe judgment The Jesuitical establishments have existed for the purpose of educating the youth of France to principles directly contrary to the theories of the present political system, and the motives of the government in suppressing them were rather of prudence than of desire or malice Having the power to ward off what they considered a vital danger the men who rule France have used it in a patriotic and not a cruel spirit Time alone can demonstrate the wisdom or folly of this enterprise

The state fair which commenced at Salem on Thursday, promises to be more interesting than any of the preceding exhibitions of the agricultural society The magnificent display of cereals and other products which usually form an attractive feature in the exhibit, attesting the prosperity of the year, will of course be missed but this lack will doubtless be more than compensated by clear skies and the patriotic festivities o Independence Day Appreciating the necessary scantiness of the agricultural department of the fair the managers have spared no effort to make all other features complete The races always popular among its incidents, will engage the best blood in the state, and with the opportunities of a fine training season and a good track, and the stimulus of prizes worth the effort, splendid results may be anticipated. Altogether the fair promises well

The telephone companies of Chicago have consolidated, and hereafter so the telegraph reports, will use but one system. I would be well if the circuits of this city were consolidated in their relations to the public as they are in ownership When the companies came under one management several months ago it was naturally expected by business men to whom telephone service is a necessity that the systems would be consolidated Patrons, however have not been benefited and are unable to remedy the matter, having in many cases made contracts which have yet several months to run The plan by which the company owning both systems gets double pay for service which should be furnished by one circuit for a single charge is burdensome and need not be followed by the company to make its business fairly profitable.

Gen Weaver, the greenback candidate for the presidency, has written a letter elaborating the doctrines of his party, and announcing that he will take the stump during the campaign in defense of its political maxims. Of course Weaver's candidacy amounts to nothing It is not claimed even by his party that he can draw enough votes from either of the great parties to affect a result except in California where the W. P. C, or what here is left of it, is pledged to his support by Dennis Kearney His slight treatment of the Chinese question, reported on our telegraphic page to day, spoils the little chance he had for support in California, and leaves the fight in that state as elsewhere, a square issue between republicanism and democracy.

Crops in every part of the country tributary to the Columbia river are in fine condition and promise a repetition of the abundant harvests of last year The acreage in Eastern Oregon and Washington is not so extensive as in '79, but in the Willamette valley it is greater and entirely free from the rust which then ruined so many fields The grasshoppers in Eastern Washington have not disastrously affected crops, as was feared early in the season, their ravages having been confined to a few localities unimportant as affecting the general results of the year A few fields have been blighted in that section by hot winds, but this damage has been simply local and trivial

The American riflemen have walked off with the honors at Dollymount. Johnny Bull accepts the situation with a grace born perhaps of similar experiences in the past, and generously continues to put up prizes for our boys to bring home While the ability to shoot straight is not of sufficient importance to greatly excite the vanity of a nation, the success of the American team is gratifying and honorable.

The brave defenders of Arica have given the world another example of intrepidity worthy of a heroic age Whatever may be the faults of Peru in the present complications, or however disastrously she may be affected by the hazards of war she can claim undying honor from the courage of her soldiers and the loyalty of her people

Items Concerning the Big Cutting at Camp Four, Preacher's Eddy, Columbia River--Man Killed by Flying Rock from a Blast.

GENERAL HIGH WATER NOTES

COLUMBUS, W. T., June 29 1880

After visiting that portion of Klikitat county bordering on the Columbia, extending east from Columbus 14 miles or to the upper limit of Chamberlain Flat, concerning which most interesting section we will make more extended mention in a future letter your correspondent started across the Columbia in a small boat to visit the largest rock cut upon the O R & N Co s line above The Dalles known as the Preacher's Eddy, cut situated opposite the lower end of Chamberlain Flat five miles above Columbus When midway in the river we were startled by the almost deafening reports of some dozen heavy blasts discharged in rapid succession at the cutting from which we were distant scarce half a mile, Up and down the river their peals echoing atween the immense walls,—solid battlements of basalt time worn—weather stained and fashioned by the action of the elements into shapes most grotesque and which here abruptly dash into the waters of the Columbia, the reverberating thunders tending to heighten the effect by adding increased solemnity to the peculiarly gloomy grand nature of the scenery at this point, all conspiring to create within one a sensation akin to awe which feeling was intensified immediately after landing at Camp 4 by the information that the effect of the blasts heard by us had been the means of sending to its final account a human life that of E B Smith employed in the camp aged about 30 a native of the state of Maine but recently arrived from California where he had been for many years employed in the Vulcan powder works at West Berkley The man was struck by a mi[ssi]le of rock a distance of over 300 yards to where he was standing The fragment penetrated the left side of the frontal region of the skull and forced downward through the brain to the depth of one and one half inches Every care was kindly shown the wounded man by his comrades and Dr E L Stone a neighboring physician immediately sent for who arriving within an hour pronounced the wound fatal From the time he was struck the unfortunate man lingered in an unconscious state 6 hours The following day (Sunday) the body was taken to Columbus by Mr McKay the foreman accompanied by many of the men working in the camp and afforded a Christian burial in the cemetery at that place No blame attaches to those at the camp it being the regular hour for blasting, the men fully warned being the noon hour when they were off duty

The work at this point, known as Preacher's Eddy is the heaviest cutting on the line from Celilo to Wallula extending through solid basalt rock a length of 800 feet and greatest height of 42 feet necessitating the removal of 10 000 cubic yards of rock Among their facilities of application is an Ingersoll steam drill which has a capacity of 40 feet per 10 hours An average of over 50 men have been employed at this point for over two months It is expected the work will be finished in a little over three weeks

NOTES.

At Columbus the houses nearest the river are cut off by the high water At 7 o clock P M to day the water lacked but 18 inches of reaching the highest mark of 1876

The O R & N Co s steamer *Northwest* has for the past three days been busily engaged in hauling and placing iron, rocks and bags of sand upon the trestle bridge work opposite Columbus to prevent its floating off with the high water

Ripe raspberries last week in Mr Chamberlain s garden, at Chamberlain s flat Peaches in the same vicinity will be ripe in ten days, and a two thirds crop at that Can another locality say as much ?

DRY GOODS, CLOTHING.

In France, England, Germany, and in the Eastern States armies of White people of both sexes are employed in designing coloring, measuring dressing, cutting, sewing, etc , etc , and in the States of California and Oregon most all of this kind of labor is performed by Chinamen; but I make it my business to keep my store clear from this china made trash. Workingmen of this city and all over Oregon, to YOU I make it known, that there is not a single dollar's worth of Goods in my Store that have ever been handled by a Chinaman; and I wish it publicly understood, without FEAR or FAVOR, that I shall at all times stock my Store with only such Goods as are made by WHITE labor, and I ask your patronage

SATURDAY MORNING JULY 3 1880

MOVED UP STAIRS

THE OREGONIAN business office has been removed to the editorial room first door to the left up stairs. Orders by either mail or telephone from 8 A M until midnight concerning advertisements or subscriptions will receive prompt attention

CITY

FESTIVAL.—Under the auspices of the ladies of St Lukes Church Vancouver W T an ice cream and strawberry festival will be given at the City Park on Saturday July 3d from 1 M to 5 o clock P M Every arrangement has been made so that all may have a happy time and all are cordially invited to be present and enjoy them selves. If the weather should prove unfavorable the festival will be held in Mr John Eddings large building near the postoffice The proceeds will be applied to the payment of the unsolved debt of the church

REPAIRS COMPLETED.—The *Astorian* says The repairs on the schooner *Enterprise* which was towed round from Shoalwater bay water logged having her stern stove in and rudder broke are completed. Skidways are being placed on the lower side of the vessel preparatory to an attempt to launch her which Mr Kruse who has had charge of the repairs informs us will probably take place this (Thursday) evening at high water As the lays she must be launched broadside on and there is some doubt if in that position she will glide into deep water

CELEBRATION AT ST HELENS.—The handsome and elegant steamer *Lurline* will leave the foot of Alder street Monday July 5th at 9 o clock sharp with a select party and a band of music to take part in the celebration at St Helens. The fare for the round trip has been placed at $1 The indications are that a very large party will be in attend ance. The committee of arrangements will spare no pains to make it pleasant for their guests

SAILING POSTPONED.—The regular time of sailing of the steamer *State of California* from San Francisco for Portland will be next Monday, July 5th However the time of sailing has been postponed 24 hours—leaving for Portland Tuesday July 6th at 10 a. M. The splendid steamer *State of California* has been chartered to make an excursion trip from San Francisco to Santa Cruz and return and hence the postponement.

CLOSED BY ATTACHMENT.—Yesterday morning the book and job printing office of Messrs Niles & Beebe was closed by attachment by the San Francisco house of Blake Robbins & Co, and 1 at present in the sheriff's hands The amount due that firm is $1800 The liabilities are $15 000 and the assets will not reach probably more than $9000 though the material cost originally $30 000

A SUGGESTION.—Inasmuch as the days are long and many are desirous of remaining as late as possible on the fair grounds, we would suggest that the railroad company delay departure of train for the north one hour later than as arranged at present and further give the passengers twenty minutes at Aurora for supper Many were disappointed in the latter respect last evening

THE STEAMER.—The steamer *Oregon* which sailed from San Francisco for Portland Wednesday morning June 30th had not arrived here up to the hour of going to press this morning The line was down yesterday between here and Kalama so that nothing was received concerning her whereabouts. The *Oregon* is due here and her arrival may be expected at any time

INSTALLATION.—Grand Master Abell Thursday evening installed the following officers of Unity Lodge No 25 A O U W C T Belcher, P. M W. D Palmer M W, D Solis Cohen, F L Pra ger, O., V K Strode. R F M Cohn F Wm. Gallick, R C A Wheeler G B Cohn I W, N Wolf, O W G F Wells, J F Clarke and E. C. Wheeler, trustees.

RETAIL CLERKS.—In another column will be found a list of the retail dealers of Portland who have consented to accede to the wishes of their clerks. They pledge themselves to close their places of business from July 12 1880, until October 1 1880 at 8 o clock P M , and from November 1, 1880, till April 1, 1881, at 7 o clock P. M

THE LAW CLUB.—A meeting of the Multnomah Law Club was held last evening, at which Mr. V K Strode read an exhaustive essay upon mortgages, considered with special reference to parties to foreclosure suits The next meeting of the club will be held July 10th, at the office of Ball & Creg ory.

CELEBRATION.—The Portland Light Battery will duly observe the national holiday to morrow (Sunday) at Canyon Garden. There will be a parade, procession, music etc A list of prizes will be awarded the winners in the various sports, all of which will be found in another column.

THE CRICKETERS.—The team chosen to beat the Corvallis Athletes at cricket on the 5th inst, will leave this afternoon on the 4 o clock train, eastside road. Members and friends will gather at Handel and Haydn hall at three o clock, and will go from there to Pacific deck in a body.

"X-R-SIZES."—We acknowledge the receipt of a personal invitation to attend the grand X-R-Sizes which will take place at Astoria, the Venice of Oregon, for the celebration of July 1880 by the "Stunning High Spirits of Oregon." A way up time is promised.

INSTALLATION.—Willamette Tribe No. 6 I O R M., installed the following officers last evening by the Great Deputy P S, Adam Steander: J Lanbenbeim; W F Rathlefsen S. S J Frick, J S. E Bohlman K of W H Bumbel Prophet.

AT GAMBRINUS GARDEN.—There will be a grand German celebration of the 4th of July at Gambrinus Garden to morrow (Sunday) Admission will be free. In the evening there will be a grand illumination and fire works.

WILL CLOSE.—The various banks in this city will be closed to-day and also on Monday in observance of the national holiday The office of the auditor and clerk will also be closed to day

CALL AT THE OFFICE.—Gas consumers paying at home to-day will have high gas bills as well as high water. Go to the company s office and save the discount. "How is that for high

THE FLOOD SLOWLY RECEDING.

The river here from 1 o'clock yesterday morning until 7 o'clock in the evening fell one inch Since 7 o'clock it has been at a stand. The Willamette, above Oregon City, fell about four inches in the past 24 hours The upper Columbia showed a slight rise Thursday night, but was at a stand all day yesterday

RESOLUTIONS.

The following resolutions were read at the common council Thursday evening and adopted

Resolved That the auditor and clerk give notice that the common council propose to change the grade of H street and establish the same as follows At the intersection of H and North Seventh streets, 21 feet at the intersection of H and North Park streets 20 feet at the intersection of H and North West Park streets 27 feet at the intersection of H and North Eighth streets, 23.0 feet.

Resolved That notice be given that the common council propose to improve Third and North Third streets from the north line of Washington street to the west line of North Front street, by grading laying sidewalks and crosswalks and macadamizing the road way full width from the north line of Washington street to the south line of G street and from thence to the west line of North Front street by bridging the roadway with a substantial wooden bridge

Resolved That the several city officers be authorized to close their respective offices on Saturday July 3d 1880

Resolved That the auditor of the council rooms be authorized to keep the same locked and that none but city officers and members of the council be allowed admission thereto during the interval between council meetings except on a written permit from the committee on accounts and current expenses

Resolved That notice be given that the common council propose to improve Water street from the north line of Columbia street to the north line of the Caruthers land claim by laying sidewalks crosswalks box gutters and planking the roadway 6 feet in width

Resolved That the city surveyor be and is hereby directed to prepare plans and specifications for a suitable system of drainage for carrying off the surplus water from the south end of the city and submit the same to this council as soon as practicable

THE MAYOR'S OBJECTIONS

The following is the full text of the veto message presented by Mayor Thompson at the meeting of the common council Thursday evening which was not sustained by the members

MAYOR'S OFFICE, PORTLAND June 2, 1880

To the Honorable Common Council of the City of Portland—GENTLEMEN I herewith return to you without my approval an ordinance entitled An ordinance authorizing the employment of an assistant in the office of the auditor and clerk for the following reasons

I do not believe there is a necessity for the employment of an assistant for but a small portion of the year in the office of the auditor and clerk The business of the city should be conducted as economically as individuals conduct their business This ordinance proposes an expenditure of $1080 per annum which must be met by taxation of the property of the city The taxes are already high and with the increase of the expenditures by the approval of this ordinance a deficiency must exist which must be met by increased taxation next year It is not necessary in my opinion to expend that amount of money for the purposes named Respectfully submitted

D P THOMPSON Mayor

MR. REID'S REJOINDER TO THE CITY ATTORNEY.

PORTLAND Ogn 2nd July 1880

J. C. Moreland Esq City Attorney SIR—Replying to your letter of 30th ult mo permit me courteously to correct certain statements therein contained

1 You say we have no intention of building our railway from Portland for many years Let me say we are building from the public levee now and have let the contract for the trestle work from Water and Mill streets across the marsh and along the river which trestle work you will have the pleasure of seeing built much sooner than you ever anticipated The iron rails you will now find placed on the levee and which arrived yesterday by the *Orient* and are all in readiness to be laid on the track The locomotive will soon follow

2 You say we have made no surveys of our railway from Portland We have a nice Marsh last made careful surveys from the levee on to our line now in operation at Dayton as most people will tell you and the truth of which you could easily have found by examining the surveyors stakes placed on the located line between Portland Oswego and Dayton

3 We have no intentions whatever (nevertheless what you say of keeping possession of the levee property without paying for it The property has been all along on and until we applied for the use of it considered unprofitable to anyone and un occupied hence no person is damaged by our present use of it and we shall cheerfully pay into the city treasury whatever sum the courts of Oregon hereafter legally decide we are bound to pay to the city each year as damages for the use of same or for the right of way Indeed you and every lawyer in the state are well aware that the courts of Oregon would never sanction or permit us or any other corporation to permanently retain the use of the city s public property without judicial consent and warrant of law

4 If we however could have obtained the use of the public levee for our purposes with the consent and the concurrence of the city council (for which public uses General Coffin specially dedicated it in his deed to the city) precisely in the manner which the legislature of Oregon pointed out and authorized city councils so to do by mutual agreements with railway corporations by section 76 of the act of 14th October 1862 we should then in that case never have raised any suit against the city of Portland to condemn the levee. But after trying every effort in our power and been unnecessarily delayed in the construction of our railway waiting for that consent, and finding as we did that certain interested gentlemen were putting up all manner of schemes and throwing obstacles in our way to getting the use of the levee In order to profit by the valuable buildings we are to erect and the trade which will certainly follow by our passenger trains terminating on our property adjoining the levee we resolved to delay no longer and were therefore reluctantly compelled to condemn the public levee by a suit in court in the manner prescribed by the laws of Oregon in such cases made and provided where city authorities refuse or delay within a reasonable time to permit railway corporations to build through the public lands of a city (see section 26 of act of 14th October 1862) This is the whole matter in a nutshell

My object in seeking an interview with your committee on landings and wharves was to explain in person these and other details and give the necessary guarantees that we are in earnest in building this railway, so that if at all possible an amicable adjustment and understanding between the council and our company as to the use of the levee might still be consummated for the public good But if this settlement cannot be arrived at extrajudicially between us all we ask in that case is for the city council to permit us peaceably to build our railway from the public levee as we are now doing and will pay the city of Portland whatever amount of damages the courts shall hereafter determine we are bound to pay the city for the use of the levee. Certainly the council may immediately procure an injunction to restrain us temporarily from proceeding with our operations but to do so now is not only to damage ourselves by stopping the building of our road for some months but also to damage the interests of the people of the Willamette valley and city of Portland combined, and serve no good purpose in the end because the courts cannot deny our right to appropriate seeing we were the first to condemn the levee Respectfully

WILLIAM REID, President

NEWS NOTES FROM THE DALLES

[OCCASIONAL CORRESPONDENCE OF THE OREGONIAN]

THE DALLES July 2 1880

The grand jury is in session but there is not much business on the docket this term

The steamer *R R Thompson* is laid up at present and the *Mountain Queen* makes daily trips between here and Cascades

Eight hundred tons of R R iron for the N P R R arrived here this week but cannot be conveyed to its destination until the water recedes

It is reported that nearly half a mile of the new road has been washed away about a mile above Celilo Do. but a bridge is completed and a train crossed over last week

The river is the all absorbing topic of conversation and is still on the rise leaving but a few inches of the Umatilla House and a great portion of First streets are submerged The Umatilla House continues to supply the wants of its patrons on a platform about three feet above the floor In the O R & N Co s shops the water is five and a half feet deep and all connections with the island by land on which the company s quarters are is cut off The postoffice has been removed to the Congregational church The railroad track about half a mile from town is covered to a depth of six feet and no trains are run this side of it The steamer *Hassalo* conveys passengers and freight to and from the washout.

Last Monday night at about 11 o clock while engine No 5 was coming from Celilo to the Dalles with a train of flat cars she was thrown from the track by a sand drift at the summit and after running about three car lengths on the ties rolled over on her side deeply imbedded in the sand Engineer Gilman jumped through the cab window and received some pretty severe bruises Conductor Nick Lawson was caught between the engine and tender and had a tight squeeze Joe Whalen the fireman remained in the cab and luckily escaped without a scratch Fortunately no passengers were on the train Three cars were also ditched by the concussion The engine lay about ten feet from the track the tender swung around crossways with the track and a flat car loaded with grain came over on top of the tender A brakeman was dispatched to Dalles for help and road master Stapleton built a track around the wreck and had a train over in four hours after the accident. J F Curtis master mechanic was soon on the ground with a force of men and raised the engine He expects to have her in running order again in a few days

NEWS NOTES FROM THE SOUND.

[REGULAR CORRESPONDENCE OF THE OREGONIAN]

The Fourth will be celebrated here on Monday the 5th inst.

During the past winter, and so far the present summer we have seen the coldest day the hottest day and the greatest snowfall ever experienced on Puget Sound. And what next?

Messrs Root & Johns have just completed the construction of six tenement houses in north Seattle and have six more under way

The picnic given by the Knights of Pythias at Be ton Wednesday proved a grand success.

Reports from the Skagit mines although meagre, are not the most favorable The water is still very high at the diggings, and many are becoming tired of waiting and leaving the country dissatisfied

Forest fires are making their appearance in many parts of the Sound country, and promise this season should it continue dry to prove far more destructive that ever before, on account of the large amount of brush prostrated by the heavy snow of last winter

The republican primaries being over the wires are now being carefully laid for the forthcoming county convention Over the nomination of candidates for sheriff treasurer, and perhaps auditor there promises to be a lively contest No little attention however is being paid to the procurement of delegates to the territorial convention Ex Gov Ferry it is stated, is kept in grooming as the dark horse He is unquestionably developing considerable strength though somewhat indirectly

Mr Conner informs us that the grain crop of the Swinomish country will be cut short at least one half by the recent flood particulars of which were heretofore telegraphed to THE OREGONIAN The area seeded this year was some 1500 acres less than last on account of the wet spring and the very low prices obtained last season The crop of 1879 was the largest ever harvested on the flats. From Useless alone 100 000 sacks were shipped to San Francisco

Logs are again in good demand at $5 per thousand and the logging business is consequently reviving all over the Sound We may consequently look for good times again next autumn

THE OREGON KIDNEY TEA!

Read the following testimonials, not from persons 3 000 miles away whom no one knows but from well known and trustworthy citizens of Oregon, whose names, written with their own hands can be seen at our office

Silverton, Oregon, March 27 1880

I have been afflicted with a kidney trouble for twelve years during which time I have used almost every kidney remedy I could hear of but obtained no relief until I tried the Oregon Kidney Tea I am now using the second box and am free to say that I am much better and have no hesitancy in recommending it as a pleasant and safe kidney remedy

W B COX

Goldendale W T March 31, 1880

I have had the diabetes for thirty years Have had many physicians prescribe for me but failed to get relief I tried the Oregon Kidney Tea, and the first dose gave me relief I am now using it and would recommend it to any one suffering from this disease.

Various Causes—

Advancing years, care sickness disappointment and hereditary predisposition—all operate to turn the hair gray, and either of them inclines it to shed prematurely AYER'S HAIR VIGOR will restore faded or gray, light and red hair to a rich brown or deep black as may be desired It softens and cleanses the scalp giving it a healthy action and removes and cures dandruff and humors By its use falling hair is checked and a new growth will be produced in all cases where the follicles are not destroyed or glands decayed Its effects are beautifully shown on brashy weak or sickly hair to which a few applications will produce the gloss and freshness of youth Harmless and sure in its operation, it is incomparable as a dressing, and is especially valued for the soft lustre and richness of tone it imparts. It contains neither oil nor dye and will not soil or color white cambric yet it lasts long on the hair and keeps it fresh and vigorous, For sale by all dealers. NEW YORK FREIGHTS AND MARKETS.

[SPECIAL TO THE OREGONIAN.]

NEW YORK, July 2.—The clipper freight market remains very quiet and there is very little doing at the wharves of vessels loading for San Francisco. The ship *Joy* sailed to-day with a cargo comprising in part of 250 cases of canned goods, 500 bbls of bottle beer, 315 bbls whisky, 500 bxs candles, 30 pkgs chicory, 50 cs lard, 1 case lard oil, 50 cs oil, 250 bbls plaster, 750 cs turpentine, 133 cs castor oil, 500 kegs horse shoes. Rates of freight are entirely nominal.

Isthmus freights are very quiet and departures to-day, thanks to the policy pursued by railroad managers, is very light, comprising only 765 packages, including 100 cases milk, 25 bags coffee, 25 cases canned goods, 60 cases potash, 100 cases bitters, 500 cases liquor, 120 bbls rosin.

Markets are generally very quiet. Breadstuffs are in better demand though mostly speculative, with slightly better prices, closing firm. Provisions also higher on speculation buying; Rio coffee quiet but very firm; refined sugars very good demand, firm at full figures; teas dull, public sales was a success, some little irregularity took place, but prices generally ranged close up to those at private sale; hides quiet owing to differences between buyers and sellers, sales 10,000 California, private; turpentine, dull at 85; petroleum, firm, cases 20¼@21.

NEW YORK, July 2.—The clipper freight market continues very quiet, and no ships are doing much. The St. Davids is most advanced, having on board a large quantity of coal, boilers, &c., for Mare Island, and will get off in a day or two. Rates remain easy and nominal. Tonnage is plentiful, but there is no demand for lines, all of which have sufficient for present requirements.

Railroad freights are moderately active, and shipments are equal to former week, and include 1207 sks tobacco, 10 bags coffee, 750 pkgs starch, 85 bags nuts, 135 cases canned goods, 250 bbls, 350 kgs and 425 cases syrup, 100 cs milk, 25 cs champagne, 25 bales hops, 21 bxs soap and 3750 bars steel rails.

Breadstuffs are unsettled and higher, especially on unfavorable reports from the west. For export there is less doing.

Provisions have a speculative demand and are higher.

Rio coffee is in fair demand. Refined sugars are in good demand and higher.

Hides dull, turpentine quiet and steady, and petroleum easier.

Liverpool Grain Market.

[SPECIAL TO THE OREGONIAN.]

LIVERPOOL, July 2.—A leading grain circular says: Wheat has latterly been slow of sale in all positions, the weather since Tuesday having been on the whole favorable to crops. Maize on spot is again more active at an improvement, but dull and easier off coast and for forward delivery. Flour was quiet at late rates. There was about the usual attendance at to-day's market, and there was a large consumptive demand for wheat, though at concessions of 1d to 2d. Flour of all kinds was in better request at Tuesday's rates. Corn, in consequence of decreased offerings and a fair general demand, improved quite 2d, mixed selling finally at 5s 1d.

Liverpool Breadstuffs Market.

[SPECIAL TO THE OREGONIAN.]

LIVERPOOL, July 2.—Breadstuffs, large business at lower prices; wheat—9s 4d@9s 4d per cental for average California club, 8s 3d@9s for red western spring, 9s 3d@9s 8d for red winter. Receipts of wheat for the past three day, 152,000 centals, including 105,000 American.

LIVERPOOL, July 2.—The stock of wheat in port is 1,250,000 centals; corn, 54,000 centals; flour, 11,600 sacks and 12,000 barrels.

The Chicago Wheat Market.

[SPECIAL DISPATCH TO THE OREGONIAN.]

CHICAGO, July 2.—Wheat stronger and higher; 89c for cash, 89⅛c for July, 87½c for August.

Gold and Stock Company's Reports.

SAN FRANCISCO, July 2.

Receipts—850 sks wheat; 1100 qr sks flour; 450 sks potatoes; 5000 doz eggs.

Butter—There is no encouraging feature to note.

Eggs—The market has relapsed to a dull despondent state.

Wool—Market manifests a firm, steady feeling, with great confidence in present values.

Hides—Market has a weak undertone.

Bags—Machine sewed—Market manifests a firm, steady feeling with great confidence in present values.

Peaches, bxs—Choice, $1 75.

Apricots—$1 25.

Cherries—5@8c.

Oranges, 1 altd—$35.

Wheat—An inactive market at last quoted rates. Market unfavorably affected by European advices and by high freights. Ship's rates are quiet but firm, hinging on demand for wheat.

Potatoes—Choice, 65c.

Onions—Ditto.

Oats—Little demand; market soft; stocks are declining.

A LOSING JOKE.

A prominent physician of Pittsburgh said jokingly to a lady patient who was complaining of her continued ill health, and of his inability to cure her, "try Hop Bitters!" The lady took it in earnest and used the Bitters, from which she obtained permanent health. She now laughs at the doctor for his joke, but he is not so well pleased with it, as it cost him a good patient.

CHRONIC AND DIFFICULT DISEASES

DR. BRENAN WILL GUARANTEE TO CURE any form of disease of the generative organs or private disease.

He has become an expert in the treatment of disease, weakness and derangement of the reproductive organs of both male and female, including diseases caused by the

FOLLIES OF YOUTH,

Such as SPERMATORRHEA, or SEMINAL WEAKNESS, or LOSS OF PERFECT VITALITY. Nearly two-thirds of all the Chronic Diseases spring, either directly or indirectly, from some derangement of the sexual system, and yet this subject is neglected by the majority of the Medical Profession.

I know that persons who are unfortunate enough to be afflicted by any form of sexual disease have a delicacy in calling upon the proper physician in time, from a sense of modesty and sometimes from ignorance, and permit those diseases to exist until their constitutions become corrupted, their organization broken down and the hope of future happiness blighted, until death becomes a welcome messenger to carry them out of their miserable existence.

Everything strictly confidential under all circumstances.

Lost manhood perfectly restored.

Catarrh, Bronchitis, Throat Diseases, Skin Diseases, Rheumatism, Kidney Complaint and all cases of the Eye and Ear, Stomach and Bladder he can cure without fail.

SCROFULA.

Wonderful Cure of Blindness.

D. RANSOM, SON & CO.: For the benefit of all troubled with Scrofula or Impure Blood in their systems, I hereby recommend King of the Blood. I have been troubled with Scrofula for the past ten years, which so affected my eyes that I was completely blind for six months. I was recommended to try King of the Blood, which has proved a great blessing to me, as it has completely cured me, and I cheerfully recommend it to all troubled as I have been.

Yours truly,

MRS. S. WEATHERLOW, Sardinia, N. Y.

will be paid to any Public Hospital to be mutually agreed upon, for every certificate of this medicine published by us which is not genuine.

Its Ingredients

To show our faith in the safety and excellence of the K. B., upon proper personal application, to be satisfied that no imposition is intended, we will give the names of all its ingredients, by affidavit. The above offers were never made before by the proprietor of any other Family Medicine in the world.

Many testimonials, further information, and full directions for using will be found in the pamphlet "Treatise on Diseases of the Blood," in which each bottle is enclosed. Price $1 per bottle containing 12 ounces, or 40 to 50 doses. Sold by druggists. D. RANSOM, SON & CO., Prop'rs, Buffalo, N.Y.

THE GENUINE DR. C. McLANE'S

CELEBRATED

LIVER PILLS,

FOR THE CURE OF

Hepatitis, or Liver Complaint,

DYSPEPSIA AND SICK HEADACHE.

Symptoms of a Diseased Liver.

PAIN in the right side, under the edge of the ribs, increases on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulder blade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for rheumatism in the arm. The stomach is affected with loss of appetite and sickness; the bowels in general are costive, sometimes alternative with lax; the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done. A slight, dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, and he complains of a prickly sensation of the skin; his spirits are low; and although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred where few of them existed, yet examination of the body, after death, has shown the LIVER to have been extensively deranged.

AGUE AND FEVER.

DR. C. McLANE'S LIVER PILLS, IN CASES OF AGUE AND FEVER, when taken with Quinine, are productive of the most happy results. No better cathartic can be used, preparatory to, or after taking Quinine. We would advise all who are afflicted with this disease to give them a FAIR TRIAL.

For all bilious derangements, and as a simple purgative, they are unequaled.

BEWARE OF IMITATIONS.

The genuine are never sugar coated.

Every box has a red wax seal on the lid, with the impress on DR. McLANE'S LIVER PILLS.

The genuine McLANE'S LIVER PILLS bear the signatures of C. McLANE and FLEMING BROS. on the wrappers.

Insist upon having the genuine DR. C. McLANE'S LIVER PILLS, prepared by Fleming Bros., of Pittsburgh, Pa., the market being full of imitations of the name *McLane*, spelled differently but same pronunciation.

For the treatment of SEXUAL DISEASES, such as Gleet, Stricture, Syphilis [illegible], Seminal Weakness [illegible]

[illegible]

DR. SPINNEY

No. 11 Kearny Street

Treats all Chronic and Special Diseases.

WHO MAY BE SUFFERING FROM the effects of youthful follies or indiscretion will do well to avail themselves of this, the greatest boon ever laid at the altar of suffering humanity. DR. SPINNEY will guarantee to forfeit $500 for every case of Seminal Weakness or private disease of any kind or character which he undertakes and fails to cure.

MIDDLE AGED MEN.

There are many at the age of thirty to sixty who are troubled with too frequent evacuations of the bladder, often accompanied by a slight smarting or burning sensation, and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits a ropy sediment will often be found, and sometimes small particles of albumen will appear, or the color will be of a thin milkish hue, again changing to a dark and torpid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs.

Office Hours—10 to 4 and 6 to 8. Sundays from 10 to 11 A. M. Consultation free. Thorough examination and advice, $5. Call or address

DR. SPINNEY & CO.,
